

BUPT

2011

Welcome to
Beijing University of Posts and Telecommunications
--Summer Program for Global Future Leaders in IT

北京邮电大学

Beijing University of Posts and Telecommunications

The 2011 summer program for Global Future Leaders in IT is an exciting youth leadership training program, initiated by Beijing University of Posts and Telecommunications (BUPT). With the rapid development in IT industry around the world, especially in China, the program is designed to enhance international academic communication, show the professional technological IT achievements, and help the promising IT stars to explore a wider IT world.

About BUPT

Established in 1955, Beijing University of Posts and Telecommunications (BUPT) is a national key university under the direct administration of Ministry of Education of People's Republic of China. BUPT is located in Beijing. It is a comprehensive university providing a wide range of subjects, including engineering, management, humanities and science while featuring itself by ICT. With the IT-related disciplines built through years of development, BUPT possesses the best and the richest resources to provide all-round solutions in its field in theoretical and practical ways, and serves as one of the most important teaching and research bases for information technology and telecommunication industry in China. More about BUPT please visit <http://studyinbupt.bupt.edu.cn>.

About the Program

The program will last 3 weeks, from July 18, 2011 to August 7, 2011, and English is used as the official language. The program will offer you:

- **A face to face chance to communicate with cutting edge Chinese IT and its related experts:**
As a professional IT summer program, academic lectures will play a major role in it. Professors, government officials and Fortune 500 managers in IT industry will deliver various speeches on research achievements, development tendency, marketing competitions, state policies and enterprise cultures etc. in China.
- **A personal visiting experience of Fortune 500:**
Tours to the leading and innovative IT companies will be arranged, and Huawei, China Mobile, IBM China, Baidu, Lenovo are on the contact list. Participants of the program will visit China Telecom Museum and China Academy of Urban Planning & Design as well.
- **An opportunity to learn Chinese:**
Participants of the program will have the opportunity to learn basic Chinese. The International Chinese Language Training Centre of BUPT was established in 1986. Over the past 24 years, it has trained students from more than 40 countries around the world, including USA, Canada, Japan, South Korea, France, Germany, Swiss, and so on. There is no doubt that our excellent teaching team will give you an enjoyable Chinese learning experience.
- **An opportunity to experience traditional Chinese culture:**
Various cultural activities, social programs are planned for the participants as well. Participants will not only learn Kong Fu, Chinese Calligraphy, paper-cutting and appreciate Peking Opera, but also have the chance to visit local families to enjoy common people's daily life and make food together.
- **A vocational sightseeing tour around Beijing:**
Beijing is a city famous for its political effects as well as the fantastic scenic spots. During the program, participants will have chances to visit The Great Wall, Summer Palace and many other historical places.
