

### **Advertisement for Poster Section (GLCACS 15<sup>th</sup> Annual Meeting)**

GLCACS is a local chapter of Chinese American Chemical Society (CACS) in the Great Lakes area, including Illinois, Indiana, Wisconsin, Michigan, Minnesota, Iowa, and Ohio. CACS is a Chinese-American professional organization affiliated with both the American Institute of Chemical Engineers (AIChE) and the American Chemical Society (ACS). Since its founding, GLCACS has played an active role in promoting professional development and networking for GLCACS members and non-members alike.

Every year, GLCACS invites students, postdoctoral fellows, and researchers from different universities to participate in a poster and presentation section. Regardless of ethnic origins, all graduate students and postdoctoral fellows are encouraged to participate in the competition. The presentation and poster competition will award \$600 in total. The format of this year's awards would be:

- 1 First Place for \$150
- 2 Second Places for \$100 each
- 3 Third Places for \$50 each
- 5 Honorable Mentions for \$20 each

This year, the 15<sup>th</sup> GLCACS annual meeting will be held at Hospira, Lake Forest IL, on May 14<sup>th</sup>, 2011. We welcome posters from different fields: Chemistry, Biochemistry, Biophysics, Bioengineering/Biotechnology, Chemical Engineering and other chemical related areas.
